Dear Shareholders and Directors

I am truly sad to see that the great effort of our managing Director Francesco Fucilla in building many great innovative projects, are being unlawfully poisoned by the lies of a blackmailer, Mr. M. W. Evans, a truly dangerous man, that according to my opinion should be dealt with by the Police.

Indeed, as stated already by all the Directors and secretary, there can be no doubt as to Mr Evans unlawfull intentions to destroy Steriwave, the Fucillas and all of the shareholders investments.

I must say that no one can understand why the police have not intervened yet, since the evidence of Mr. Evans criminal damage and extortion has already been proved beyond any doubt by documents made public by Francesco Fucilla.

There is no doubt in my mind that Mr. Evans has severely damaged to company's reputation, and eventually its future. Hence there is no doubt that my vote as Director is one of elect a criminal prosecution.

My vote is also to dismiss Mr Evans, and re-dismiss him again and again, as many times as necessary (according to the law), in order that there could be no doubt as to a case of criminal damage.

I am horrified as to the false statements made by Mr Evans to the Employment tribunal, for in the last two years, Mr. Evans sent to the several people hundreds of e-mails concerning Francesco Fucilla great humanity and generosity.
